KCH Garden Square values the diversity of backgrounds, skills and experiences found in our chambers, and actively promotes an inclusive culture where all our members and staff are able to flourish.

This report contains the results of the KCH Garden Square Equality & Diversity Monitoring questionnaire, conducted in October 2020 and completion of which was voluntary. Results for questions which concerned Religion and Sexual Orientation have been omitted from this report as the data cannot be published without the explicit consent of the entire workforce.

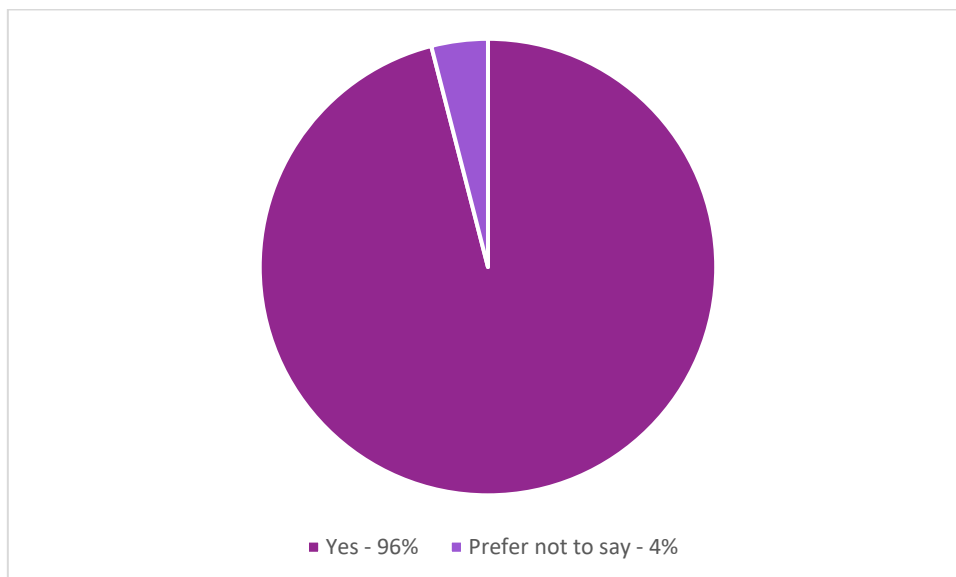

The questionnaire response data has been collected and processed in accordance with the Data Protection Principles as set out in the General Data Protection Regulation.
